

Growing Grapes in the Kawarthas - A Tour of the Cheeky Duck Vineyard

Image/Logo

Join us for a Vineyard Tour at the CHEEKY DUCK VINEYARD

Join Farms at Work on a guided tour of the Cheeky Duck vineyard to learn about establishing, maintaining, harvesting and creating wine from grapes grown here at the edge of the Canadian Shield.

-  \$20: tour only
\$45: tour & tasting
-  Thursday, July 31
4:30pm
-  Lakefield

Thu, 07/31/2025 - 16:30

Join Farms at Work to learn about growing wine grapes in the Kawarthas. What impact does the soil have? How do you choose appropriate varieties of grapes? Bring your questions!

Cheeky Duck cultivates delicious wine in a respectful and harmonious way with their surroundings. Their 5-acre vineyard is home to Vidal, Pinot Gris, Chardonnay, Baco Noir, and Marquette varieties of grapes. Sustainability is woven into every part of the business. They are dedicated to being eco-friendly and carbon-neutral and their vineyard is a haven for butterflies and bees. Lively runner ducks assist with grazing and pest control. Additionally, they use vine pruning as an energy source during the

winter.

Registration is required
